Wherever possible words of praise of F. H. La Guardia are inserted on the heory that possibly they can swing the heart of the present militant, aggressive Poard of Estimate," the book says, there is but one impotant, evasive, antifiling member, That member is beany H. Curran."
"No chance to vote against Gov. Milier next year," the book continues. "He'll be back among his clients. Do it now." Naturally there is no end of praise for Mayor Hylan and Comptroller Craig. Beginning this week the Mayor will become more active on the stump. For the last two weeks of the campaign he will be going every day and night, making speaches here, there and everywhere. On October 25 he will be the leadliner at the annual rally in Tammany Hall. On October 25 there will be a meeting in the Manhattan Operaliouse. These are the biggest meetings booked so far in Manhattan.

Comptroller Craig also will mount the political stump next week. United States Marshal Thomas D. McCarthy, still serving under a Republican Federal Administration, who is managing the Craig campaign, broke out in a burst of eulogy for his candidate last night. It ended: "He has been loyal to the City on the sandidate last night. It ended: "He has been loyal to the City on the sandidate last night. It ended: "He has been loyal to the City on the sandidate last night. It ended: "He has been loyal to the City on the sandidate last night. It ended: "He has been loyal to the City on the sandidate last night. It ended the defender."

"Where does that leave Mayor Hylan." asked one of the latter's

GAS AND WATER RATE BOOSTS ARE ALLOWED

Queens and Hempstead Con-sumers Lose Fight.

Gas and water consumers in Queens and North Hempstead lost out yesterday in legal battles to prevent increases in rates. Justice Faber, in the Suprem Court in Brooklyn, decided an order of the Commissioner of Water Supply, Gas

and Electricity forbidding the Citizens' Water Supply Company of Queens to raise its rates 50 per cent. was arbitrary and without legal authority, and refused to enjoin the increase.

The Public Service Corporation of Long Island was sustained by Justice Squiers in the Brooklyn Supreme Court in making a monthly service charge of 85 cents in addition to \$1.65 a thousand feet for gas. The new rate had been granted by the Public Service Commission on April 5 after a hearing, but the town of North Hempstead sought an injunction. Justice Squiers decided the Public Service Commission was within its rights and refused the injunction.
